Plot The story begins with a middle-aged engineer Raghu being arrested by the police for killing his wife Varsha, a mother of two children. He tells the police that he killed Varsha in the night, when she was snoring loudly, out of anger for not listening to him in the last few years of his marriage. Raghu is informed that if he wants to get bail, he should play a "suitable" song for the judge, but refuses. He is given a fine for contempt of court and sent to jail. There, Raghu meets his wife Varsha's colleague, Vijay, who turns out to be Varsha's lover. Vijay wants to help Raghu by freeing him from jail. The next day, Raghu sees Varsha in the elevator and she warns him not to follow her. He refuses to follow her, but she reminds him of her previous words and tells him that they will meet at the same spot next day. After prison, Raghu reaches home, but finds the place deserted. He hears a phone ringing and finds his wife's mobile phone near the bed. He looks inside and sees a video of himself being raped by Varsha. Raghu rushes to the bathroom and finds Varsha in the bathtub. He sees bruises on Varsha's body and she confirms that she has been raped. She tells Raghu that this is the video of the night in which she was raped, and that she filmed it on her phone. Raghu realizes that he has been tricked and that he had been imprisoned due to her betrayal. He leaves home to meet with the police and finds them all dead. He also finds Vijay's body and Raghu is then informed by the police that it was Vijay who raped Varsha. 82157476af
